

STILL THEY TALK
OF MONEY BILLSTHE FINANCIAL DISCUSSION
STILL GOES ON.

Debate Grows Warmer as It Proceeds—Further Hawaiian Correspondence Laid Before Congress—Proceedings of the Senate—Behring Sea Claims.

WASHINGTON, Jan. 5.—At the opening of the session of the house yesterday after some unimportant business debate on the currency bill was resumed, and Mr. Hendrix of New York, a banker, took the floor. The situation that confronted the treasury and the country, he said, had not come suddenly upon us, nor without ample warning. A finance minister of France had once remarked sarcastically, little children and the people of the United States. Was the United States to go out of the business of furnishing currency for the country as a bank of issue? If not, what was it going to do in order to avoid the financial bad lands? Were the people of the country to keep on transgressing every law of finance, defying the world, and continue to do what every other nation had failed to do?

To illustrate the result of the present system, Mr. Hendrix pointed to the large accessions of gold made by the Bank of France and the Bank of England at our expense. The former yesterday held 2,900,000 gold francs, the latter £33,000,000 in gold. The capital and the gold bullion of the world was resting in these great pools waiting to see what this country would do; whether it would become a bankrupt unable to meet its obligations.

"Does the action of the Bank of France in refusing to pay more than 5 per cent in gold," asked Mr. Hendrix (rep., Iowa), "impair the credit of that bank?"

"No."

"Then would the credit of the United States be impaired if the United States should exercise its discretion and redeem the Sherman notes in silver?"

"Yes, I believe it would at this time," replied Mr. Hendrix.

"Why?"

"Because of the general distrust of the government's ability to pay gold. One hundred and fifty-nine million of Sherman gold promises to pay can not be met without gold."

Mr. Sperry (dem., Conn.) presented his substitute to fund the greenbacks with 3 per cent gold bonds for the information of the house.

Mr. Caruth (dem. Ky.) indorsed the pending measure.

Mr. Hepburn declared himself fully convinced that if the secretary of the treasury were now to exercise his discretion and pay gold when legitimate redemptions were asked and refuse it to sharks and speculators the evils from which we suffer would cease to be.

Mr. Dingley (rep., Maine) placed the necessity for remedying the defects in the currency system above the necessity of relieving the treasury. He asserted the pending bill would not relieve the treasury.

The house then took a recess until 5 o'clock. The night session was devoted to private pension bills.

MORE LETTERS FROM HAWAII.

Further Correspondence Is Laid Before Congress.

WASHINGTON, Jan. 5.—The President has sent to congress another batch of Hawaiian correspondence, supplementary to the Walker report. It deals with the differences of opinion between Admiral Walker and United States Minister Willis and the effort being made by the British government, with the consent of the Hawaiian authorities, to secure the lease of an island of the Hawaiian group to be used as a cable station.

The projected lease of the island as a cable station is explained by Minister Willis in several letters, beginning Oct. 13. In the first letter Mr. Willis says that negotiations had been pending between the Hawaiian government and representatives of Great Britain in regard to an ocean cable between Canada and Australia, touching at Nicker Island or Honolulu. He did not think that an agreement would be reached at present, owing to the clause in our treaty with Hawaii prohibiting the cession of any of the islands to any foreign government without our consent.

Dec. 3 the cable proposition seems to have taken full shape, for on that date Mr. Willis states that the Hawaiian government is of the opinion that it is prevented from considering the proposition by the British commissioners by article 4 of the reciprocity treaty between Hawaii and the United States government. He adds:

"This matter is now, therefore, at the request of this government submitted to the consideration of our government upon the question of its willingness to nullify the treaty of reciprocity by exempting Necker Island, French Frigate shoals or Nihoa (Bard Island) from the operation of article 4 of the treaty."

WARM DEBATE ON HAWAII.

Government's Policy Is Sharply Criticized by Senator Lodge.

WASHINGTON, Jan. 5.—In the senate yesterday Senator Lodge took up the time of the session on the Haw-

aiian question. He wants a courier sent to Honolulu at once to block the designs of England, and scored the administration strongly for its foreign policy generally and Hawaiian policy particularly.

At the conclusion of Mr. Lodge's remarks Mr. Butler (dem., S. C.) moved the reference of the resolution to the committee on foreign relations.

Mr. Morgan (dem., Ala.) declared himself in favor of annexation and a good friend to the people of Hawaii.

Mr. Teller (rep., Colo.) charged that it had been the purpose of the administration to restore Liliuokalani and said special agencies had been put to work for that purpose.

Messrs. Teller, Gray, Butler and Lodge continued the debate until 7 o'clock, when Senator Morgan took the floor to continue his speech on the Nicaragua canal bill, the Hawaiian resolution going to the calendar. Mr. Morgan read at some length from a report made by Major Dutton of the army to show the construction of the canal was entirely practicable, and presented extracts from reports of the bureau of American republics to show the climate of Nicaragua was agreeable and anything but unhealthy.

The military academy appropriation bill was then passed. The senate went into executive session, and at 2:55 p. m. adjourned until Monday.

WILL NOT PAY THE CLAIM.

Recommendation That Congress Give England \$425,000 Not in Favor.

WASHINGTON, Jan. 5.—The appropriation bills are likely to be completed without the item of \$425,000 for Great Britain's Bering sea claims. In his annual message President Cleveland recommended the settlement of the claims by paying a lump sum. This was in accordance with the desires of Secretary Gresham, who has considered a compromise settlement better than a long controversy. The executive branches of the government have not requested the appropriations committee to insert the \$425,000 item in an appropriation bill. It would be a part of the sundry civil bill.

The law provides that estimates shall be transmitted by the secretary of the treasury of all needed expenditures. This particular estimate has not yet been submitted, nor is the general recommendation of the President regarded as sufficient to dispense with the estimate. If it is hereafter submitted and the committee inserts the amount in the sundry civil bill, it will be stoutly opposed on the floor of the house by members who do not approve of Secretary Gresham's plan of settling the claim.

FOR A BIG ISSUE OF BONDS.

Sperry of Connecticut Has a Substitute for the Carlisle Plan.

WASHINGTON, Jan. 5.—Representative Sperry of Connecticut, a democratic colleague of Mr. Springer on the banking and currency committee, has proposed another substitute to the Carlisle currency bill. It strikes out all after the enacting clause, and provides for an issue of bonds sufficient to retire outstanding greenbacks and treasury notes under the Sherman act. The bonds are to bear 3 per cent interest, are to be redeemed in gold, and are to be of denominations from \$10 to \$10,000. They are to run for thirty years, with the right to redeem them after ten years. The secretary of the treasury is empowered to keep the gold reserve up to a minimum of \$100,000,000 by selling these bonds. Provision is made for the steady retirement of the greenbacks, both from the proceeds of the bonds and from the surplus in the treasury. Mr. Sperry's substitute is understood to have executive approval in case the Carlisle bill can not pass.

Austria Enters Its Sugar Protest.

WASHINGTON, Jan. 5.—The tariff war between the United States and Europe reached an acute phase yesterday. Mr. Henglemuller, the new Austrian minister, has lodged a protest against that paragraph of the sugar schedule which imposes an additional duty of one tenth of 1 per cent on sugar coming to the United States from countries which pay an export bounty on it. So far no threat of retaliation accompanied the protest, but it will follow, and it seems certain that if congress fails to come to the relief of the executive by the removal of the duty which is supposed to cause the trouble, then resort must be had to retaliation, which will either open European countries to our exports or close our own ports to all European products.

The Arbitration Bill.

WASHINGTON, Jan. 5.—An opportunity will be given by the house committee on labor to parties interested in the new arbitration bill revised by Commissioner of Labor Wright to present their views on the plan. Invitations have been sent by the chairman of the committee to all the principal railroad managers of the country and to the leaders of railroad corporations and labor organizations in general to appear before the committee next week. None has yet signified an intention to accept the invitation, but it is expected several well-known men will speak.

Gov. Waite Steps Out.

DENVER, Colo., Jan. 5.—Gov. Waite read his last message to the legislature of Colorado yesterday. It consisted of about fifteen thousand words and was perhaps the most exhaustive document ever presented to the general assembly of this state. The governor bitterly scored both the dominant political parties, chiefly for their attitude on the silver question, and predicted populist success

NEBRASKA FARMERS
SAID TO BE IN NEEDDESTITUTION AND SUFFERING
IS THEIR LOT.

Settlers in Many Counties Badly Off; Reports From Nebraska and South Dakota Show a Sad Condition of Affairs—Relief Said To Be Much Needed.

HASTINGS, Neb., Jan. 5.—It is claimed the needs in west Nebraska exceed all previously known. Having two crop failures in succession many had to buy all their provisions, feed, etc., last year and had a hard time getting through last winter. Working hard they were hopeful of a crop last summer. Now they have nothing to live on, nothing to buy with, no credit, nothing in prospect to pay with, nothing to go any place with, and no place to go had they the wherewithal. All other years of drouth there were cobs and stalks to burn, now there is none. Now prairie chipmunks the fuel used. Before a cow helped much in the living; now there is nothing to feed one. Neighbors then had some work; now there is none. Though most of the people are intelligent and industrious they can not help themselves now. The weather has been beautiful and warm thus far or the suffering would have been intense. Some will not apply for aid through the relief commission or make their wants known until actually driven to Perkins, Chase, Dundy, Hayes, Hitchcock and Frontier are the counties that are the most needy, yet the drouth was very disastrous in almost every portion of the state.

BURN WILLOWS FOR WARMTH.

Experience of Spink County Family Is Told by Missionary Rogers.

VERMILION, S. D., Jan. 5.—The destitution in South Dakota lies north and west of a line drawn from Yankton to Canton, with Spink county nearly the center of the drouth stricken district. In some counties, notably Spink, Clark, Kingsbury, Miner, McCook, and the counties west, the destitution is severe. In an interview Missionary Rogers said: "I found on calling on a family that their only provision was potatoes and nothing to burn but green willows to keep them from freezing. This is only a sample case. Much of the suffering will never be known. Anything in shape of clothing or money will be gratefully received." Many who have heretofore used hay for fuel are compelled to use something else, for there was no grass to cut.

Help Said to Be Needed at Once.

NELIGH, Neb., Jan. 5.—Reports indicate great destitution in several counties of North Nebraska. The counties most in need of immediate aid are Boyd, Brown, Boon, Cherry, Garfield, Holt, Rock and Wheeler. Hundreds of families in these counties are in dire want, subsisting on scant food and thinly clad in rags, prairie chips gathered from the ranges comprising the fuel. Help is urgently needed at once. The railroads will forward supplies free of charge.

Pressing Needs Are Food and Fuel.

MINDEN, Neb., Jan. 5.—This county is on the eastern border of the destitute region. There are only occasional cases of extreme need here. Two counties west the destitution becomes more general, growing worse as we advance westward. The four counties in the southwestern corner of the state—Chase, Dundy, Hayes and Hitchcock—are the centers of great need for man and beast. The relief needed most now is food and fuel, clothing having been supplied early and in greater quantities than the other articles mentioned.

Minnesota Ministers Act.

ST. PAUL, Minn., Jan. 5.—Rev. Frank Doran and Rev. Thomas McClary called on Gov. Nelson yesterday and presented resolutions adopted by the Methodist ministers of Minneapolis, requesting the governor to take proper action in regard to the reported suffering and destitution in Nebraska. The governor was not in and his probable action is not known.

Students Send a Carload.

Mr. Foster has nothing further to say regarding the mission. He will sail on the Empress of India Monday and expects to meet China's commissioners at Kobe, though sittings will be held at Hiroshima.

THE LAST YEAR SAW
14,885 FIRMS FAILTHE UNITED STATES SHOWS
A DECREASE.

Prices of Different Commercial Commodities Are at the Lowest Level Ever Known—Wheat and Cotton Are Great Sufferers, and Are at the Low Water Mark.

NEW YORK, Jan. 5.—R. G. Dun & Co.'s Weekly Review of Trade says: "Failures for 1894 are fully reported this week, being 13,885 in the United States and 1,856 in the Dominion of Canada. Liabilities in the United States were \$172,992,856 and in Canada \$17,616,215. Neither the decrease of over half in this country nor the increase of over 40 per cent in Canada is surprising, but the statement shows that most of the decrease in the United States is in manufacturing liabilities, while the entire increase in Canada is in liabilities of trading concerns. A few states, including New York and Pennsylvania, show more failures than in 1893, and in a few southern states the amount of liabilities is larger, but in central and western states very much smaller. In eleven of the last thirty-eight years reported liabilities have been larger than in 1894, though for this year and 1893 the statement is confined to commercial failures, as it was not in former years. The failures have been 12.5 in every thousand firms doing business; the liabilities have averaged \$132 to each firm in trade, and in proportion to the volume of solvent business represented by all clearing house exchanges \$7.63 for every \$1,000.

"The complete review of different branches of business places in a clear light the fact that prices of commodities are at the lowest level ever known. The condition of industries has been largely governed by the fall in prices; and while production is much greater than a year ago, the aggregate increase being fairly measured by the increase of 8.24 per cent in hours of work done in November, compared with the previous year, it has been the controlling feature in almost every important industry that consumption has not kept pace with the output and has not sustained prices. The year has been especially noteworthy for the lowest prices of wheat and cotton on record. Both suffer from wholly unprecedented accumulation of stocks, the crops being large. Outside of this country wheat production has not increased enough to justify a price of 60 cents at New York, and the accumulation is largely due to false reports of yield intended to frighten buyers and raise prices. The same influence has been felt in cotton, which is also affected by world wide depression in business and decrease in consumption of goods. In other produce markets the year has been relatively less important."

Shot His Entire Family.

SAVANNAH, Ga., Jan. 5.—In a fit of jealous rage George Jordan, a negro who has borne an excellent reputation, shot and killed his 10-year-old son, shot his wife in the forehead and through the neck, shot his 3-year-old daughter in the chin and back of the head, and then shot himself twice in the breast. His wounds are fatal and it is believed that his wife will die. The little girl has a chance to recover, but it is probable that the entire family of four will be wiped out.

Most of the places have been filled and the working force of almost every office is now made out so that the only hope of aspirants is for a place during the session of the legislature. Those who have secured the big plums are John M. Ewing, secretary of the state republican committee, who is made assistant secretary of state. W. J. Anderson of Milwaukee is to be the governor's secretary. W. H. Chandler of Burke, an ex-state superintendent will be John J. Zwingle's assistant in the department of education. Jere C. A COMBINE AGAINST MEXICO.

Diaz Believes Central American States Wish to Defeat Him.

CITY OF MEXICO, Jan. 5.—The expected arrival of ministers from Honduras and Salvador and the possible nomination of ministers from Nicaragua and Costa Rica has put a new light on the Guatemalan-Mexican boundary negotiations. The evident object is to support Guatemala and to bring force to make Mexico back down from its attitude. All appearances are that Guatemala is making efforts to form a Central American league against Mexico for the settlement of old scores. Guatemala's minister is alleged to have telegraphed after his official reception that the response of Diaz was applauded, contrary to diplomatic precedent, that he used threatening language and prejudiced a question of high importance to all Central America. The policy of the minister is evidently not pleasing to the chief, for it is alleged that Barrios replied requesting that he pursue more conciliatory policy. The policy of Mariscal and Diaz is noted as forbearing, but unless the envoy takes a different tack affairs may become so strained that his recall will follow.

POLO TEAM MADE UP TO PLAY ON THE ICE

THE "ONLY GAME" IS TO BE
REVIVED AGAIN.

Harry George Captains a Team That Challenge All Comers To Meet Them on the Frozen Field in a Contest at Janesville's Old Tims Favorite Sport.

There are a lot of Janesville people who used to say, and insist yet, that polo was the "only game on earth." They remember well how all of Janesville used to turn out to greet the conquering heroes when there was a game away from home, and how they "hollered" when they were successful in the Riverside rink.

And when we beat Racine—Don't mention it!

Horses weren't good enough to haul the backs that night. Men did it; bands played; boys, some of them sixty, "hollered" themselves hoarse. It was all polo then and the spirit still lives. Base ball is good; indoor base ball would do; football was possible; trotting all right in its place; but polo, well, that was a tender spot.

"I'd give five dollars a game to see ten good games of polo with Ehler, Sperry Beeson, Buchanan, Smith, Schaller and Hanson in the game for Janesville, Case, Pugh, Driver, Stocking, and the others of the old team on the Racine side" said a Janesville man who never let any sport but polo interfere with his Sunday School work, the other day. "That game used to make me young again."

Well, Janesville people who admire the game of polo can see it again if they want to, but it will be on the ice instead of upon a maple floor. A team was organized the other day with players as follows:

Rushers, Harry George and Will Goodwin.

Point, A. L. Wheeler.
Half back, George Slightam.
Goal keepers—Tobias Larson and Fred Blakely.

These young gentlemen understand that there is a team somewhere down in the Fourth ward who play polo. If they are correctly informed, they wish this publication considered as a challenge.

Then Janesville will see another polo game.

Let's come.

CLEVENGER LAYS IT TO REPORTERS

Vain Effort of the Baptist Pastor to Escape From Criticism.

Nobody attracted more attention at the Baptist convention here last fall than Rev. Mr. Clevenger of Oshkosh. He impressed everyone with his vigor and fearlessness. That vigor has now led him farther than he liked. He ripped Oshkosh society up the back for dancing—talked about "lustful eyes," "heaving bosoms," etc., for an hour and a half in a way that made sinners' hair curl. The sermon was reported and looked a good deal worse in cold type than Mr. Clevenger had expected. People began calling him to account for his imputations regarding the women of Oshkosh, and some way out of the trouble had to be found. The means chosen was the same as others have adopted under like circumstances—he blamed the reporter. He preached a second sermon in which he said the newspapers had drawn false inferences and had made deductions that were not justified. On this point the Oshkosh Northwestern gives place to the following card from the reporter who listened to Mr. Clevenger's sermon:

I was present at the First Baptist church on Sunday evening, December 23, and reported the sermon of Rev. Mr. Clevenger for The Northwestern. I affirm on my honor that the report was correct in every particular, and nothing was put in my inference or innuendo.

DIO. W. DUNHAM.

The Northwestern says it has investigated the subject by inquiry among other witnesses, and is satisfied that its report of the sermon was correct and truthful, and it reiterates and reasserts all that the first article contained. It is also positive that many other statements, exceedingly sensational and abusive, were made on that occasion, but were not reported, and in fact it is assured that its report did not in the smallest particular do injustice to Mr. Clevenger. It begins to look as if the Rev. Mr. Clevenger had added the sin of untruthfulness to his other transgressions. "Whom the gods would destroy they first make mad."

LOCAL UNION ELECT OFFICERS

Annual Meeting of the Court Street Societies Last Night.

The annual meeting of the Christian Endeavor and Epworth League societies was held at the Court Street church Sunday school room last evening and officers were elected as follows:

President—D. H. Tennant.

Secretary—Harley Carey.

Treasurer—Miss Mate Kirk.

D. H. Tennant read the annual report of the secretary which stated that five union meetings had been held during the year and a meeting of the executive committee every month. An improvement along the line of better citizenship was suggested.

The report of the treasurer, Miss Lewis showed the total receipts to be \$41.04 and the total expenses \$38, leaving \$3.03 on hand.

The resignation of Miss Harrington as junior superintendent of the local union was accepted and Miss Maud McDonald was elected in her place. An amendment to the constitution contemplating making members of the state board honorary members of the executive board of the local union so that they could meet with the union when occasion offered. A social time followed and Dr. Halsey delivered an address in which he outlined the good that church societies did and urged the young people to continue it.

BIGGEST MASQUERADE HELD YET.

Hokey Pokey Club's Party Exceeded The Most Sanguine Expectations.

The Hokey Pokey club's annual masquerade at the Armory last night was a "surprise party." The members had been working hard to make it the biggest success of the season, but they had no idea that they were to be so successful. Fully fifty couples took part in the grand march and each one got a souvenir. The prizes ranged from a box of cigarettes to a monkey wrench and one lady drew a ticket that entitled her to a shave, but she succeeded in bartering it for something more useful. The affair was a very enjoyable one and all the guests had a jolly good time. A flash light picture of the crowd was taken by Captain C. F. Glass and Smith's full orchestra of seven pieces furnished the music. About one hundred and fifty dollars composed the receipts and somewhat less than half of that will be the profit.

A Little Bit Dilatory.

We, in our first shout for 1395. But not because we are not mindful of the arrival of the festive day. The old man 1894 was good as good could be to us and while we welcome the new, the old has a very warm corner and occupies a tender place in our hearts. But the king is dead, long live the king! So here we are out for a vigorous campaign for the new year.

Never so well fixed were we as now to give homeseekers or buyers for profit a good deal. We have some ten nice homes that we own, that we can and will make a lower price on than you can possibly get at any other office. That you see is the advantage we have here. We deal largely in our own property and have no one to consult but the buyer as to price and we are just now at the beginning of the year feeling like doing you some good.

Geo. L. & Sarah H. Carrington.

It Goes On Apace.

That East Riverview Park deal. What with our new wagonette line right from the property to the post office every half hour, with artesian water to every lot, with the best of lights (all night burners) after April 1, with sidewalks (first thing in spring) from every lot to post office and further; there are no lots in Janesville that a homeseeker can buy at \$600 to \$800 so good as these; these are \$100 each to your own terms. By the way, these lots are 4 by 10 rods (extra size you see) and all have alleys in the rear, so you won't have to cut up your lawn driving across it. The lots are the best at the price in the city. Possibly you may want one, if not no harm done by our being Yours very truly, Geo. L. & Sarah H. Carrington.

ON EVERYBODY'S LIPS.

What the Beautiful Girl Herself Says.

Surprising Story of the Daughter of a Noted Professor.

How She Excited the Curiosity of All Her Friends.

One of the best known and most interesting men in Brooklyn, N. Y., is Professor J. M. Elwood, residing at 43 Cornelia street. He is a noted scholar and professor. His charming daughter is a young lady of most estimable character and has hosts of friends everywhere.

She became fearfully nervous and run down and this was followed by a most severe attack of St. Vitus' dance. She grew worse and physicians could not cure her. She finally got well, however, by a method which astonished all her friends.

"It affords me the greatest pleasure," said the professor, "to state that my daughter who was a sufferer from nervousness and St. Vitus' dance, and who was treated for same by prominent physicians in Brooklyn without result, was completely cured by using two bottles of Dr. Greene's Nervura blood and nerve remedy."

MISS ELWOOD.

Such strong evidence as this must convince everybody of the genuine worth of this great medicine. Mr. Elwood's word is as good as gold. When he makes a statement people know they can depend on it. Just such reliable statements about Dr. Greene's Nervura blood and nerve remedy are constantly appearing, and the people everywhere have the utmost confidence in this wonderful medicine.

They take it, and perfect health results. The popular Miss Elwood thinks it is indeed a wonderful remedy when it will cure what all the skill of other physicians cannot benefit.

Why waste time in trying uncertain and untried remedies, when here is a physician's prescription, a discovery made by the greatest living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City. If you take this medicine you can consider yourself under Dr. Greene's direct professional care, and you can consult him or write to him about your case, freely and without charge. This is a guarantee that this remedy will cure, possessed by no other medicine in the world.

TROUBLE OVER LEAF INSURANCE

The Growers Association Cannot Get Prices Settled At All.

The adjustment of the insurance loss sustained by the Rock County Tobacco Growers' Association seems likely to be attended with more or less trouble and dissension even where it has not been altogether too smooth sailing heretofore. It has been discovered that the heartless insurance adjuster cannot discriminate in the quality of tobacco. When the price of the wrapper or binder grade is once established, all the leaf destroyed in a given fire is of the same value. He doesn't know any difference between a five cent wrapper and a twenty cent wrapper. The farmers who held choice tobacco in the association warehouse will have to come down and take the dead level price for it from the insurance companies and that is what hurts. It has been hard work to get a good many growers to sign a power of attorney to the board of directors so the loss could be adjusted and there will be more trouble in store when the final division of the insurance money is made. All of which goes to show, argues the Edgerton Reporter, what a complicated matter a tobacco growers' association really is.

LOST MANY ORANGES IN THE BIG FREEZE

I. C. SLOAN'S GROVE SUFFERED FROM THE FROST.

A Million and a Half Frozen Globes Hang From the Trees of the Cracker State—Pineapples Will Be Worthless for Years, as the Plants Were Destroyed.

The news that O. I. Sloan got from Florida this morning was not very encouraging. Mr. and Mrs. I. C. Sloan and Greeley Sloan are on their Indian River orange farm and they report that not an orange was saved. There were 200 boxes of choice fruit on the Sloan farm all ready to pick the day the frost came, and not a boxful was saved.

A million and a half of oranges, almost the entire crop of the state have been frozen solid and will soon drop from the trees. Thousands of men are out of work and will have nothing to do for several years, until the orange groves recover.

Pineapples were killed from one end of the fruit district to the other and there will be no crop for three years. An Eau Claire syndicate that recently located in Central Florida lost \$28,000 by the cold wave.

THIS DAY IN HISTORY

1000—Edward the Confessor, Saxon king of England, died; born 1004.
1580—Catherine de' Medici, cruel and intriguing queen of France, died.
1779—Stephen Decatur, commodore in U. S. N., born in Sinepuxent, Md.; killed in a duel at Bladensburg, Md., 1820. Decatur won fame and promotion in Tripoli, where he burned the American frigate Philadelphia, which was captive to the enemy. He served throughout the war of 1812 and subsequently brought the Algerines to terms. The duel with Barron resulted from a challenge by the latter. While acting as commissioner of the navy Decatur had criticised Barron's action on a certain memorable occasion, and although he offered every reparation the other insisted upon fighting. Decatur magnanimously refrained from killing his antagonist.
1891—Emma Abbott, prima donna, died in Salt Lake City.

THE EXTRA SESSION TALK.

The persistence of the extra session talk may mean something especially as governmental outgo continues to largely exceed income. During the six months which have just ended of the fiscal year the expenditures have exceeded the receipts to the extent of \$28,000,000. In all probability the last half of the year will make a better showing but there does not seem to be much chance that a turn in the tide will take place in that time sufficient to make both ends of the balance sheet meet. Another bond sale will probably have to be made in the month of February. The treasury gold is now down to the \$86,000,000 mark. This is a drop of \$25,000,000 in about a month, for at one time after the gold recently purchased had all reached the treasury the fund reached the \$111,000,000 line. A further drop of \$15,000,000 or \$20,000,000 would necessitate another bond sale.

WILL KEEP STREETS CLEAN.

Mayor Stroog begins his term with an intention to clean up the streets of New York and to keep them clean. He has selected for the commissioner of street cleaning a prominent sanitary engineer who has never been in politics. Colonel Waring was one of the most active engineers in laying out Central Park, and has had charge of large forces of men in similar work for more than thirty years. His plan of operations will be worth attention.

It is more than thirty years since any American citizen has found himself in possession of a bank note and not worth its face value. The politician who supposes that the people will tolerate any other kind of currency hereafter must think them strangely lacking in common sense and business gumption.

The only civilized foreign countries now outside the Universal Postal Union are China, Morocco, the Orange Free state, and the Islands of Ascension, St. Helena and Pitcairn. To all the others a 5-cent stamp will carry a letter of proper weight.

An extra session would be a bad thing for the democracy. It would be one more evidence of the shiftlessness, perversity and imbecility of that party.

A good currency bill has a smaller chance than a bad one to pass in this congress.

An Explanation.

We open a sale Monday of all the Marzluff & Co. make of shoes in our house, about \$3,000 worth, at the price we paid the factory. We dislike to do this, but as this factory refused to sell us any more goods, because we did not try to make as much profit as some other retailers in the city, we are compelled to replace with another line, which will be here February 1. See prices in large advertisement.

BROWN BROS. & LINCOLN.

Take Warning.

We have started out to sell \$9,000 worth of clothing from December 20 to February 1, and everyone knows that is a big amount. In order to do it we must beat any and every price named by any clothing concern in the city, and we are doing just that thing. See us.

SAVE DOCTOR'S BILLS

by paying attention to properly regulating the bowels thereby preventing a thousand and one derangements of the system which follow neglect of this precaution. Once used for this purpose, Dr. Pierce's Pleasant Pellets are always in favor. They're purely vegetable and far better, as a liver pill, than blue pills or calomel. Their secondary effect is to keep the bowels open and regular—not to constipate.

Miss MARY ANGLISH, of Glen Easton, Maryland, writes: "Two years ago I was pale and emaciated, food fermented in my stomach. A physician pronounced my case 'Catarrh of the Stomach,' but he could not help me. I lived a month without solid food and when I tried to eat I would vomit. At this time I began taking Doctor Pierce's Pleasant Pellets, and in two weeks I was decidedly better. I am now in good health, and never felt better in my life. I have a better color, eat more, and have no distress after eating—having gained thirteen pounds since I began taking them."

ZIEGLER.

On the Threshold
Of 1895.

Did you ever hear the story of the man whose goat was taxed for \$8? He complained to the assessors. They said that anything that abutted on the road must pay a tax; \$2 a foot. You see the man didn't realize that there were two entirely different ways of looking at the matter. He was just like some people we know. You ask them what their view of the present situation is, and they will tell you that they are going to "lie low and wait for better times." But if these men would only look over the fence in Ziegler's they would see that there is an unusual opportunity before them. In other words the plums are ripe and they are about to fall from the trees. You want them; so does every one else. What will you do? Lie low and wait for them to fall, trusting to catch them in your hands; Or will you get a big sheet that will enable you to catch a dozen where you now have difficulty to catch one.

KRUSE KEEPS CARS OFF THE CROSSING

C. & N. W. TRAINMEN GIVEN WARNING TODAY.

They Have Been Using Too Much of Academy, Wall and Pleasant Streets and Blocking the Passageways—New Trial Refused in the Graves Case.

CHICAGO & Northwestern trainmen were called down this morning by Patrolman Kruse for blockading the street crossings in the neighborhood of the railway yards in this city. For some time past freight trains have halted on these crossings, especially at Academy, Wall and Pleasant streets. Besides warning engineers, the officer notified Superintendent Moulton that he would prosecute the first violation of the ordinance.

A NEW trial was refused but a stay of execution for sixty days was granted by Judge Bennett today in the case of W. H. Graves, claimant, against George Hanthorn, guardian of Clara B. Warner. This case was tried in the November term of the circuit court, being an appeal from the county court. Graves held a chattel mortgage on property bought by the defendant and afterwards sold. A jury found a verdict for plaintiff this morning.

JANESVILLE Machine Co. stock for sale. This is a perfectly safe and very remunerative investment. The company is highly prosperous, and its future prosperity is certain. My reason for selling is that I am building in Minneapolis, and can use money to advantage. Otherwise, I would not sell my stock at any possible price. Having been a director of the company since its inception, I can give investors the fullest information.

NEW CHURCH CHOIRS WITH THE NEW YEAR

WHERE LOCAL SINGERS WILL BE HEARD.

Mrs. S. B. Lewis Is To Go From the Presbyterian Church to the Congregational—She Will Very Probably Be Succeeded by Mrs. Minnie Conrad.

There will be some surprises for Janesville church goers in the announcement of changes to be made in local church choirs. The most important of these are in the Baptist and Presbyterian churches.

In the Baptist church the choir has been abandoned and in its place E. O. Kimberley has been engaged as precentor.

Mrs. Minnie S. Conrad and Mrs. L. A. Torrens, C. N. Vankirk and Dr. O. G. Bennett are likely to compose the Presbyterian choir for the year, although no change will be made until March. Mrs. S. B. Lewis, who has been a member of the Presbyterian choir for a number of years, goes to the Congregational choir, notwithstanding strong efforts to retain her in the Presbyterian choir.

Mrs. C. B. Conrad, Mrs. Charles L. Clark, H. C. Buell and G. G. Paris will compose the Court Street Methodist choir to-morrow, but no permanent arrangements for a soprano have been made.

After working there thirteen and one-half years he purchased the mill now owned by Inman & Holland, and conducted it six years. Tiring of this he pitched his tent in the mercantile field but this life proved too slow and he is selling out his stock at the Hub and will take possession of the mill February 1.

The time was very enjoyably spent Miss Mabel Snashall of Evansville, Lulu Hubbell of Madison and Nettie Earl of Clinton, visited with Jennie D. McArthur last week.

About thirty of the friends of Miss Flora Boynton gave her a surprise party last Thursday evening. The affair was a very pleasant one and was enjoyed by all attending. Miss Alma Pond, of Rockford, is visiting her sister, Mrs. E. A. Gillies. Gillies & Jones have some bargains in dry goods which ought to interest you. Communion services will be held at Congregational church on Sunday, January 6.

It was under sad circumstances that Edna Rosana Wilson was laid to rest in Oak Hill last night. Diphtheria was the cause of her death and the funeral had to be strictly private.

Rev. S. P. Wilder conducted the services. The little one died at 3 o'clock yesterday afternoon, her illness dating from Christmas day. Mr. Wilson is a finisher in the Monterey woolen mills and has only resided in Janesville a little over a year.

INTENDED TO MARRA A MINISTER. Minnie Zelman's Relations Appear and Tell of Her Eccentricities.

Relations of Minnie Zelman, the young woman who became violently insane while working here and who died in the Mendota asylum three days later, have been found. L. E. Zelman, her brother, and C. W. Ostrud, her brother-in-law, came from Oconomowoc today. They consulted with Judge M. M. Phelps who was appointed administrator by Judge Sale. The disposition of the \$667 of insurance is the principal matter, although there are several minor questions.

"Minnie was always queer," said Mr. Ostrud, "but we never thought she was deranged. She was very generous and I think most of the money she earned went to her younger sister who was not strong. A year ago Minnie wrote me that she was going to quit work and marry a Janesville minister, but the way she wrote satisfied me that she was talking at random."

WILL ELECT OFFICERS TUESDAY Annual Shooting Club Meeting To Be Held Next Tuesday Night.

The annual meeting of the Janesville Shooting club will be held at City Clerk Bates' office Tuesday evening, at which time new officers will be elected to succeed H. P. Bump president, C. P. McLean, vice president, H. H. McKinney secretary, George H. Bates treasurer; and a board of managers to succeed D. W. Kolle, C. P. McLean and H. H. McKinney. It is understood that Mr. McKinney does not desire a reelection, as he has been secretary for two years, and has worked hard and faithfully. C. P. McLean is frequently mentioned as Mr. McKinney's successor. The club has been a very successful organization, and has afforded much amusement to the members. A full attendance is requested at the meeting.

Fain Heart.

By that name I call the one That is dear enough and sweet, All words seem most eloquent, That those nearest we meet. Only when thou lovest me Thy love I can not win, My heart sinks lower in my breast I can feel it drop with in.

No other love can come to me I care not for it, even No greater loss will I ere know My heart from thine to sever, Oh! think again, don't say me nay I cannot live with out thee; Come to my heart, my love, but once, And clasp thine arms about me.

Let me know, of joy so great Before I die I thrill so dear, Waiting for you up to the skies, Thy gentle form and heart so near. H-st thou no pity for me now, When love like this is burning? Dearest, wilt thou not change thy mind? I am waiting, praying, yearning.

She only drops her head so low, His arms around her waist, He waits breathlessly to hear, One word from her lips so sweet. Nestling his head upon his breast, Her heart just filled with bliss, Their eyes now meet, her mind is changed, His prayer answered, in one long kiss. ABBIE A. FORD.

CHANGE IN A PROMINENT EAST SIDE FIRM.

Former Local Editor of the Sunday Mirror Enters the Store, and Is Likely To Buy an Interest—Clemons Says He Will Rest a Little.

Radical changes were made in Brownell & Clemons' grocery store last evening. The first was the dissolution of the partnership, Fred L. Clemons selling his interest. He has been connected with this grocery house for the last dozen years or more the last five years being the junior member of the firm. "I am getting tired of the grocery business, and concluded to take a rest," explained Mr. Clemons this morning. "I will stay in the store for some time, settling up our firm accounts, after which I intend taking a little rest and then perhaps, I will find something to do."

The next change made last night was the retirement of John L. Fletcher, head clerk of the firm, who is succeeded by Walter S. Fifield. Mr. Fifield has been looking for a business opening for some time and will probably buy the interest that Mr. Clemons has just sold.

The Unexpected Discharge of a Cannon Close by would not have a more disturbing effect upon the nerves which are vigorous than an ordinary noise upon those that are weak and unstrung. As a nerve, Hostetter's Stomach Bitters is unrivaled. By promoting digestion and assimilation they overcome that gastric disorder, which is the most prolific cause of nervous debility, and which, so long as it exists, defeats in a large measure the action of sedatives and opiates. Such remedies, moreover, necessitate the use of increasing doses, and finally cease to act altogether, except in dangerous quantities. They never reach the fountain head of the trouble, and quiet the nerves only by semi-paralyzing them. Equally objectionable are fiery stimulant, such as alcohol, opium, and the like. Kidney, bladder and liver trouble, malaria, constipation and rheumatism are relieved by the Bitters, which also promotes appetite and nightly repose.

Journal of yesterday read and approved. The chair announced the special order of business, being the election of a trustee of the insane asylum in place of William Zull, and appointed as tellers Supervisors Coon and Swingle.

Supervisor White moved that the first ballot be informal.

Carried.
A ballot was then ordered which resulted as follows: Whole number of votes cast 31, of which number V. S. Davis received 17, William Zull 7, H. A. Egerton 4, R. William 2, W. F. Carle 1.

On motion the ballot was made formal and V. S. Davis was declared duly elected trustee for the next ensuing term of three years.

County Treasurer.

Supervisor Egerton, from committee No. 14, presented the following as an amendment to the report of the trustees of the insane asylum:

Your committee to whom the report of the trustees of the insane asylum and almshouse was referred, would respectfully say that they have looked over the report, corrected an error in footing the expenditure account, making that read \$10,241.35.

They would recommend that for the income or earnings the following be substituted:

Due from state Feb. 1, 1895..... \$3,357.50

Cash received for farm produce..... 127 59

Cash received by Mr. Alder for board..... 120 89

Cash received by Mr. Burdick..... 156 00

\$11,836.76

We have figured the cost per month as per this report for running the insane asylum and almshouse, and find it to be \$717.96 per month for the last year. That for four months would amount to \$2,871.84. They had on hand Oct. 1st, 1894, \$338.82, and we would recommend that the sum of \$2,500, be allowed them to run the institution on until February 1st, 1895, instead of \$5,000, as asked for. And that the claims in relation to \$4,000 for barn should read that a barn is needed sufficiently large to keep what horses are needed for us, twenty cows grain, hay and carriages, as soon as the board think it advisable to build such.

Supervisor More, from committee on sale of county poor farm at Johnstown, reported as follows and moved its adoption:

To the Honorable the Board of Supervisors of Rock County:

Gentlemen: Your committee on sale of county poor farm at Johnstown would respectfully report as follows:

That on the call of the county clerk the committee met at his office to consider a bid of \$10,000, made by A. E. Shumway for the afore-said farm on the 14th day of September, 1894, and decided not to sell but authorized the county clerk to sell said farm at a price anywhere between \$10,500 and \$11,000, also decided to sell the hay in store on said farm and authorize Messrs. More and Beardsley to attend to the marketing of the same. The hay had been previously sold to John McArthur or Bradford at 50 cents per ton, Mr. More to attend to weighing the same. On the 27 day of Sept. 1894 the county clerk entered into a contract with Peter J. McFarlane for the sale of the farm at \$10,400 according to terms of contract in file in the office of said county clerk \$500 paid at the time of making the contract and the balance to be paid in 30 days from said date. The following is the account of sales and the amount turned over to the county clerk by Robert More on the 27th day of Sept. 1894.

Certificates of deposit for which hereby accompany this report subject to the disposal of the county board.

The committee again met on the 27th day of October last to complete the sale of said farm, but owing to an objection to the title by Mr. Hyzer, the attorney for Mr. McFarlane, an extension of time was mutually agreed upon, and deferred on the contract until the 10th of November; and another extension until the 14th; but the several resolutions authorizing the sale of said farm might be expressed in one and acted by this board, Mr. Hyzer having withdrawn his objection to the title.

In accordance with the resolution passed by his board on the 15th inst., the county clerk as conveyed to the said McFarlane the afore-said farm and has received therefor the sum of \$10,800—dollars, certificates of deposit for which accompany this report and are at the disposal of your Hon. body. The corn on the said farm as not yet on market, but will be reported at the January meeting. We would recommend that the above sums, amounting to \$11,578, be turned over to the county treasurer and placed in the general fund.

All of which is respectfully submitted.

W. J. MINTYRE,
County Clerk.

ROBERT MORE,
RUST BEARDSLEY,
W. A. MAYHEW.

Report adopted.
Supervisor Coon presented the following communication from the Gazette Printing Company and moved that it be referred to committee No. 10.

JANESVILLE, Wis., Nov. 6, 1894.—Mr. W. J. Mintyre, county clerk:

DEAR SIR: Will you please present this account to the committee on claims. We find in making the matter up that the summe court decided the question of descriptions, and at the rule that is universally established is to take every lot a separate description; this precedent has always been recognized in Rock county, and in the sale of property last spring, advertising fees for individual lots were collected. Our original bill called for 2,896 descriptions. This was the amount turned in by the county treasurer, and the same was put in type publication. Before the paper went to press the treasurer collected 800 of these descriptions; and we allowed him to take the same in the advertised list, receiving nothing for work. The number published for four weeks was 2,096, amounting to \$224, on which the count was \$18,825.25. We request payment of balance as per enclosed bill.

Very respectfully,

BROWN BROTHERS & LINCOLN.

THE FAIR ONE'S WEAPON.

The lady whipped the tiger.
Of course. The reason why?
She lashed him with her gifted tongue.
And cowed him with her eye.

—N. Y. World.

Then He Was Better Pleased.

What authors have to put up with:
Minor Poet—Well, have you read my new book?

Candid Friend—Read it? My dear fellow, I've read it twice.

Minor Poet (gushing)—How good of you!

Candid Friend—Not at all. I was only trying to make out what you were driving at.—London Globe.

A Frozen Fact.

Amsterdam—You told me an awful lie yesterday.

Mr. Henpeck—What was that?
"You told me you were going to sleep, and I afterwards saw you going into the theater."

"I know it, but, holy smoke! where else can a poor married man get a little sleep?"—Texas Sittings.

A Welcome Relief.

Plumson—I'll be mighty glad when we get through with the nineteenth century.

Rayson—Why?
Plumson—By that time writers will be obliged to give "fin de siècle" a much-needed and well-earned rest.—South Boston News.

More Atmosphere.

"What your story needs," said the critic, "is more atmosphere."

"Well, that goes to show that there's no pleasing everybody," said the discontented author. "The editor who read it last says that it's too breezy."—Washington Star.

Equal to the Occasion.

Domestic—Oh, please, mum, what shall I do? Half the soup is spilt, and the boarders is at the table.

Mrs. Slimdiet (firmly)—Empty the box of red pepper into what's left. There will be enough then.—N. Y. Weekly.

Just the One.

"If this church fair is to be a success," said the deacon to the Sunday school superintendent, "we must have a woman who can pull the money out of people without their expecting any return—a woman who never loses sight of a dollar."

"I think I have just the one," said the superintendent, with a quiet, confident smile.

"Who is she?" said the deacon, eagerly.

"She attends our church," replied the superintendent, "and for the past two years she has been running a servant girls' agency."—Brooklyn Life.

Utilizing the Tunnels.

Among the passengers on the car were an elderly lady and her pretty young niece, also a young gentleman. The train had passed through several tunnels, when the maiden's aunt said:

"My dear, we are coming to a long tunnel; you had better sit on this side."

Pretty Niece—No, aunty, just let me be where I am. One more tunnel and I am engaged.—Texas Sittings.

Righteous Fate.

The mercury was falling fast.
As down the busy street there passed
A man who asked of all he knew:
"Well, is this cold enough for you?"
He rubbed his hands and onward tripped,
But on the icy sidewalk slipped.
He fell headlong and broke his pate,
Observe the righteous hand of fate.

Better AND Cheaper.

THE ROYAL BAKING POWDER is more economical than other brands because of its greater leavening strength, as shown by both the U. S. and Canadian Government Reports.

The other baking powders contain from 20 to 80 per cent. less leavening gas than the ROYAL. So the ROYAL, even should it cost more than the others, would be much the cheaper.

In addition to this the superior flavor, sweetness, wholesomeness and delicacy of the food raised by ROYAL BAKING POWDER would make any difference in cost insignificant.

Highest of all in leavening strength.—

NOTHING LEFT BUT RUINS.

The Illinois Hospital for the Insane Almost Completely Destroyed.

ANNA, Ill., Jan. 5.—The middle section and the south wing of the main building of the Illinois Hospital for the Insane were burned Thursday night. Blackened and toppling walls are all that is left of over half of the principal structure. Nearly \$500,000 worth of state property has gone up in smoke and 600 unfortunate insane people have been deprived of the shelter provided for them by public charity. By what seems a miracle no lives were lost. The Illinois Hospital for the Insane was located in Anna in 1870. The main building then commenced and finished in 1877 consisted of a large central structure flanked by two great wings. The building was a brick, four stories in height.

Mr. Gear's Friends Are Anxious.

WASHINGTON, Jan. 5.—Friends of Senator-elect Gear of Iowa are anxious regarding his condition, for he does not recover as fast as they have hoped for. It is feared his illness may yet result fatally.

Crash of Trains in a Tunnel.

LIVERMORE, Cal., Jan. 5.—A messenger arrived in Livermore at 9 o'clock last evening bringing information that the Los Angeles express and a work train were in collision in Altamont tunnel. He did not know whether any one was injured seriously or not.

CALIFORNIA BANK ROBBED.

Cashier Locked in the Vault While the \$5,000 Is Stolen.

ONTARIO, Cal., Jan. 5.—The Ontario State bank was robbed at 11 o'clock yesterday by two men. Cashier Fred Stamm was locked in the vault and \$5,000 was taken. The robbers drove away in a buggy for Spadra, where they boarded a train for Los Angeles. Officers intercepted it a few miles from town and the men were arrested. They proved to be Frank Conway and J. Steadman. Only a small amount of money was found on them, and it is believed they buried the plunder before reaching Spadra.

Gov. Stone Wants More Militia.

JEFFERSON CITY, Mo., Jan. 5.—Both branches of the general assembly met in joint session yesterday for the purpose of casting up the returns for state officers elected last November. They were all declared elected. The two houses then met separately and listened to the reading of Gov. Stone's message. The governor's principal point in the message was his advocacy of an increase in the strength of the state militia.

Break in the National Gas Line.

LIMA, Ohio, Jan. 5.—The Ohio-Indiana natural gas line, supplying Dayton, Piqua, Troy, Wapakoneta, this, and other cities, broke near the state line yesterday, causing intense

suffering, as not one in a hundred using gas for fuel had anything to take its place and the thermometer was hovering close down to zero. Gas did not come on again until late in the evening.

New Republic Is Up in Brazil.

MONTEVIDEO, Uruguay, Jan. 5.—Passengers who have arrived here from Cerro Largo, on the frontier of Rio Grande do Sul, Brazil, bring news that the revolutionists there have proclaimed a republic. They have declared their independence of the republic of Brazil and taken steps to establish a separate government. President Moraes has declared he will use the whole power of the republic of Brazil, if necessary, to crush the revolution.

Will Hypnotize Blixt.

LA CROSSE, Wis., Jan. 5.—Herbert L. Flint, the hypnotist, has received a letter from E. R. O'Dell of Minneapolis, attorney and counsel for Claus A. Blixt, the self confessed murderer of Miss Catherine Ging, asking him to go to Milwaukee and hypnotize Blixt in the hope of securing from him the truth of the murder. Prof. Flint has asked Mr. O'Dell for further particulars and will probably go to Minneapolis.
